

OPERATIONS USAF COMMAND POSTS

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

AFI 10-207, dated 11 October 1994, is supplemented as follows. This supplement applies to all base units, including the 80th Flying Training Wing. It does not apply to geographically separated units.

1.1.1.8. (AETC Sup 1) The CP will notify the applicable commander on incidents involving their resources.

1.2.5.5. (AETC Sup 1) The CP has control and authority of Commander's Nets 1 and 2, along with the Contingency Net. Prior to using the net, all agencies must contact the CP for authorization. CP also maintains the capability to activate the base siren system, Base Commander's Conference Telephone Network (BCCTN), and the cable interrupt system (CATV).

2.1.2.4. (Added) (AETC Sup 1) If unable to contact the 80 FTW/CC, or designated representative, CP will proceed to the next in the chain-of-command until contact has been made.

2.1.2.5. (AETC Sup 1) The CP will track 80 FTW cross-country missions on an 80 FTW Form 11. The T-37 and/or T-38 Supervisor of Flying (SOF) will hand-carry or

fax the form to the CP. Controllers will annotate information on this form and will advise the applicable SPF of any problems.

2.1. (AETC Sup 1) In compliance with AETCR 55-2, all designated agencies will provide a letter notifying CP of personnel to be contacted after duty hours. Cellular, home, and pager telephone numbers (including unlisted numbers), and the dates personnel are scheduled for standby must be included. This letter must be reviewed quarterly. New or revised letters will be accepted only when additions or deletions of personnel are necessary. CP must be notified immediately of any change of assigned personnel standby dates. Battle Staff letters will be updated quarterly or whenever there is a necessary change.

2.1.9. (AETC Sup 1) During THREATCON BRAVO (or higher) the 82d Security Police will post a guard at the CP.
